GREATEST CELEBRATION IN YEARS

WILL BE KAMEHAMEHA DAY 1916

Parade Pageant and Sports Will Promote Festivity on Hawaiian Holiday

Kamehameha Day celebration this year will be the most characteristic, the most enthusiastic, since annexation.

That is what John C. Lane says. He ought to know, for he is chairman of the Kamehameha Day celebration committee and has all the plans in hand. "It used to be a great day with the Hawaiians," he said this morning. "It will be again. Advertising, concerted effort, the revival of racing will all help make the biggest, best celebration Honolulu has seen in years."

The mayor told of the celebration of the day when he was a little boy—the town choked with visitors from all over the islands, the whole city gay with leis, flowers everywhere, pa-u riders in their brilliant costumes dashing through the streets, everybody happy and carefree with all their troubles thrown to the winds—the one day of all the year that everyone in the islands looked forward to. Every islander will be requested to wear a lei on June 11 and 12, the mayor said. All those in the parade are to carry an extra one to be cast at the foot of the statue of Kamehameha the Great as the marchers pass it. More than 50 pa-u riders are expected to join in the march and as the line halts to do honor to the greatest of all Hawaiians they will group themselves around the statue and the Royal Twins, representatives of the pair who stayed close to the great king's side all his life. There will be a song at the statue and then the line will pass on to the capitol.

Prince Kalaniana'ole has promised the loan of some of his relics of the old days—spears, idols, etc.—for the pageant to be held at night, and it is hoped that others will be obtained. Benefit Dance May 13.

In order to raise \$1500 with which to finance the celebration on June 12, a benefit concert and dance will be given in the National Guard armory on the evening of May 13, beginning at 8 o'clock.

The dance will be opened with a grand march led by Mayor and Mrs. John C. Lane. Music will be furnished by the Hawaiian Band. Between dances the following program will be rendered:

Duet—"Nani Waipo"..... Prince Liliuokalani
Mrs. Lydia Cummings, John Bright.
Hawaiian Selections..... Pali Glee Club
Medley, Hawaiian Airs.....
Song—"Springtime"..... Hawaiian Band
Song—"Latter Day Saints"..... Pali Glee Club
Song..... Young People's League
Led by Charles E. King.
Selection..... Haw'n Band and Orchestra

The committee in charge of the celebration is endeavoring to sell 3000 tickets at 50 cents each.

The opening feature of Kamehameha Day will be a parade to start from Aala park promptly at 8:30 a. m. It will be in charge of Capt. Robert Parker Walpa, major, and Oscar P. Cox and J. K. Mokumala, aides.

Following the Hawaiian Band, which will lead the parade, will march the out-of-town representatives of the local Hawaiian societies. This delegation will be followed by the following societies: Hui Kamehameha, Hui Kaahumanu, Hui Kalama, Hui Oiwai (men), Hui Oiwai (women), Court Lunallio 6600, A. O. F., Hui Poala (men), Hui Poala (women), Hui Olo, L. D. S., Hui o na Manawale, L. D. S., Kamehameha cadet battalion, Kamehameha Girls' School, Kamehameha Alumni, Young People's League.

The line of march will be from Aala Park along King street to the Kamehameha statue, around the statue through the makai entrance to the capitol grounds to the bandstand, passing the makai steps of the capitol.

The Sons and Daughters of Warriors will be on guard at the Kamehameha statue as the parade passes. On the capitol steps, while the parade is passing, the members of the Hui Hale o na Alii o Hawaii will stand guard by King Kamehameha's war god, "Kukailimoku."

At the conclusion of the parade an oration in Hawaiian will be delivered from the bandstand by Rev. J. K. Kamau, pastor of the Pearl City Hawaiian church.

Pageant at Night.
The celebration will be concluded by a spectacular Hawaiian pageant to be held in the Waikiki end of the capitol grounds, beginning at 8 o'clock.

Nearly 300 persons will take part in the pageant, which is entitled "From Darkness to Light," and which will be produced under the direction of the Sons and Daughters of Warriors, the principal actors and actresses being members of the Hale o na Alii of Hawaii. It will begin with the days prior to the discovery of Hawaii, depicting the different modes of living, worship and sacrifice. Various stages of the history of the islands will be portrayed, including the arrival of the missionaries.

Princess J. K. Kalaniana'ole is director, and John Wise superintendent of the pageant.

The action will last about two and one-half hours.

The following committees are working toward making the celebration a success:
General committee—Edgar Henriques, chairman; Mayor Lane, chairman executive committee; Will E. Miles, secretary; D. P. R. Isenberg, treasurer.

Statue decorations—Sons and Daughters of Warriors.
Bleachers and chairs—S. C. Dwight.

BOND PROPOSAL OF MAYOR WILL BE LIVE ISSUE

Proposal to Borrow \$750,000 for Roads Heard By Supervisors and Referred

Mayor Lane's bond message was taken from the table last night and it will soon be an active issue in the city if plans of some of the supervisors go through. On motion of Supervisor Charles N. Arnold, it was referred to the several committees concerned with orders to them to report at the next meeting. After that the question of a \$750,000 bond issue for the city will be taken before the public in a series of addresses before semi-public organizations and at a number of mass meetings.

Kalakaua Avenue Considered.
Kalakaua avenue held the attention of the board meeting last night for nearly half an hour, about 20 minutes of which was taken up by the reading of the report. Details of the report of George M. Collins, city engineer, on the improvement of Kalakaua avenue submitted last night, were published in Monday's Star-Bulletin. After objections to his scheme by Supervisor Arnold the report was referred to the road committee.

No mention was made of the memorial to the governor, although it was slated to come up. It is looked on as an already disposed of matter by most of the supervisors.

The meeting was a long and deadly dull one and when near its conclusion, Supervisor Ben Hollinger sprang from his chair and let loose a torrent of invective against the public utilities commission for its action just reported at the board meeting in passing the Rapid Transit charter to the governor without approval or action on it, there were "loud cheers from the galleries" at the prospect of a little excitement. "That is a fine way for a body that has been working hand in hand with this one to act," shouted Hollinger. "It asks us to approve the charter it proposed and then refuses approval itself. Where is their backbone? Why do they pass the buck to the governor? What is the use of a public utilities commission drawing down \$10 for every meeting if it has to run babylike to the governor every time it takes any action?"

Hollinger cooled down after a minute or two of this and the draft of the proposed amendments, which had been read by the clerk, was laid on the table and the clerk requested to furnish copies to all of the members of the board.

Supervisor F. M. Hatch, chairman of the franchise committee, commended the amendments proposed as they stand, saying that every change in the original draft proposed by the city attorneys had been accepted.

MEMO'S OF MEETING OF CITY SUPERVISORS

Next meeting will be Thursday noon, to pass payrolls.

Sea View improvement project passed public hearing last night. It was passed to the engineer for a report.

Request of the water investigation commission for an additional \$3000 to complete its work was referred to the finance committee.

An invitation of George W. De Long Post, G. A. to join it in Memorial Day services at Nuanu cemetery from 9 to 12 a. m. May 30 was read.

To save premiums on the bond of F. R. Ritchie, successful bidder for the Manoa improvement work, the board did not make the final award of contract last night.

Amendments to the dance hall ordinance, giving the inspectors the power to close places that do not meet with their approval and making other minor changes, passed first reading.

George M. Collins, city engineer, was instructed to prepare a preliminary report on the improvement of Lalani Park and Puhiwa roads in the Nuanu valley. They are to be paved with five inches of concrete.

On motion of Supervisor William Larsen, the board declared that it believed that the Oahu Loan Fund Commission should push through to completion the Hillebrand Glen project for diverting water into Reservoir No. 4.

Expenditure of \$50 for a corner stone for the addition to Central Grammar school now being built was authorized last night. Henry Freitas, building inspector, was authorized to employ an inspector on the construction of the school at \$5 a day.

The police committee recommended that the employer of an attendant

by Dr. R. G. Ayer, emergency hospital physician, be authorized. The mayor will have to give his recommendations in the matter to the board before it can act legally. It is said that he agrees with the police committee.

The amendments to the purchasing agent ordinance, which have been reviewed in the Star-Bulletin several times, nearly passed first reading last night, but just before the motion was put, Supervisor Hatch suggested that it be sent to the ways and means committee. The previous motion was withdrawn and his substituted and passed.

"Lou" Whitehouse, assistant city engineer that was, will not collect his April salary of \$200. The board said so last night. He had already collected \$750 from the city without, it is alleged, doing more than a few days' work, and when he failed to appear during April after notification that his connection with the payroll would end May 1, the road committee declared that his salary should not be paid. The board backed it up.

Survey of some lands near Hauula by the city engineer for E. Henriques was authorized. Henriques has offered to build about a mile of coral road in place of some tracks through the grass that are now called a road, providing the city will relocate the highway near Hauula. He is to pay all the expenses of the engineer and party while they make the survey, and when this is completed, the board will decide whether or not it will authorize the relocation of the road.
